

billy kwong wine list

'Wine is both completely abstract and yet symbolically expressive of a tangible reality reflected by soil, grapes, rootstock, and the shadow-world inside the cask. It is also the projection of a land, a region.' Provence of Alain Ducasse – Alain Ducasse 2000

All the wines on my list have been chosen because they are quality driven examples of their variety. Furthermore they are wines that will complement the complex flavours of billy kwong's food.
